LIBRARY

## **Library Automation**

### **Library is automated using Integrated Library Management System (ILMS)**

PSG College of Arts & Science Library is automated and Uses the Integrated Library Management System (ILMS)

The College Library is housed in a two floor separate building with a total area of 22400 sq.feet . It is well stocked and presently has a collection of over 1,34,442 volumes of books on different subjects and subscribes about 350 periodicals of national and international repute.

It is fully automated with **NIRMALS** (Network Information Resources Management of Academic Library System) software from 1998.

Name of the ILMS software : **NIRMALS**

Nature of Automation : Full

Version : 6.1.0 (1998)

Presently it has changed to **KOHA** Integrated Library Management System (from 2018)

Library House Keeping Operations like Cataloguing and Circulation of books have automated with KOHA integrated Library Management Software. It is an open source software offers different tools/modules into one system (software) used by librarians (and patrons) to solve tasks in the library.

Name of the ILMS software : **KOHA**

Nature of Automation : Full

Version : 17.11.04.000

In the year 2023 the Koha ILMS Software has updated with a new version **23.05.02.000.**

## **Features of software**

Koha has most of the features that would be expected in an ILS, including:

- Simple, clear interface for librarians and members (patrons)
- Union catalogue facility and customizable search
- Circulation and borrower management
- Full acquisitions system including budgets and pricing information (including supplier and currency conversion)
- Simple acquisitions system for the smaller library
- Ability to cope with any number of branches, patrons, patron categories, item categories, items, currencies and other data
- Serials system for Journals and magazines
- Reading lists for members

## **Benefits of Koha**

- The strength of Koha is its web accessibility and ease of use.
- Accessible from any web enabled computer
- Powerful self-service tools for patrons
- Circulation, borrower and fines management
- Acquisitions, cataloguing, authority control, serials system
- Easily create records from scratch or download records from free sources
- Customize record types and locations to match your needs
- Web-based search engine integrates with existing intranet
- Reading-level, abstracts, thumbnail cover images
- Full utilization of record metadata
- Incorporate digital resources directly into the catalog results
- Library standards compliance and cataloguing can be done (MARC, Z39.50)
- SMS alerts/notification for Predue, Overdue, On-due holds, check-in and check-out
- Email notifications
- Web OPAC is available even in remote access

- Books can be renewed through OPAC
- Inventory module of Koha helps in providing accurate stock with RFID Automation.
- A powerful full-featured search engine & Scalability from a thousand to ten millions of records

## **RFID TECHNOLOGY**

RFID technology has been implemented in the Library as an advanced automation process to read and capture stored on a tag attached to a book, providing a unique identifier (Acc. No.) It will also help for easy stock verification process.

### **RFID – SELF SERVICE KIOSK**

Library is equipped with RFID enabled self-service kiosk which provides self-issue/renew of books using Kiosk. Users can use this kiosk (near the circulation counter) to issue/renew the library books by themselves.

### **DROP- BOX**

Library has initiated a drop box facility in the front hall of the library for returning of library books. This is to felicitate return of used books by just dropping the books inside the drop box.
